

BLEACH

Bleach the power out of darks. For this wash, lights dirty darks instead of darks dirtying lights.

DYE

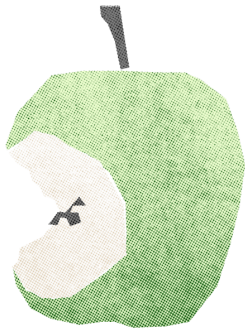

Make everything your color. Other players' laundry in this washer is ruined and goes back.

SANITIZER

Kill the grime, not the load. Other garments can wash with shoes without getting dirty.

SNACC

Lure Jimothy away with a little treat. Move him to any other washer.

LAUNDRY TOKEN

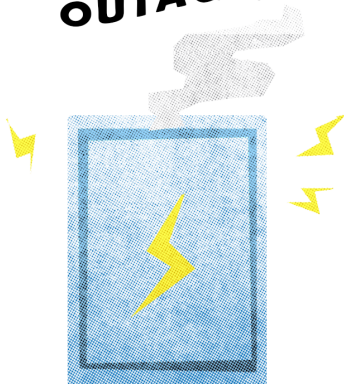

One coin, one switch. Switch one washer on or off.

HERE COMES JIMOTHY!

Jimothy moves in. This washer is out of service until he leaves.

POWER OUTAGE!

No power, no clean clothes. Nothing gets washed this round.

NEIGHBORHOOD SHOOTOUT!

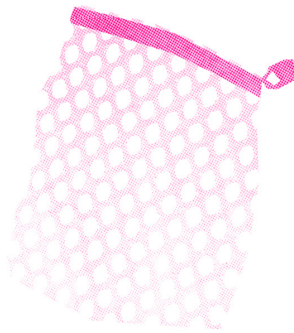

Stray shot, dead washer. Choose one washer. It's out for the rest of the game.

COFFEE

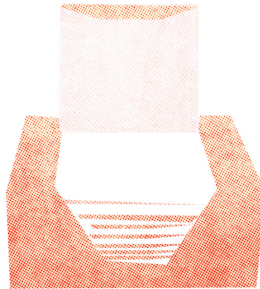

One little spill, one more wash. Dirty one piece of another player's washed laundry.

MESHBAG

Bag it up, wash without worry. Everything you load into this washer this turn washes safely, no matter what else is inside.

COLOR CATCHER

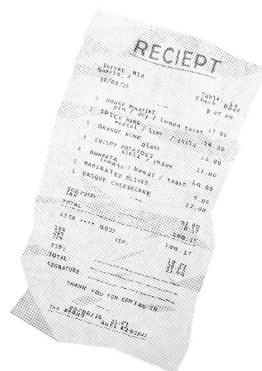

Catch the color before your clothes do. Your laundry is protected from Dye in this washer.

ANIMAL CONTROL!

Time for Jimothy's eviction. Remove Jimothy from his washer.

RECIEPT

Paper in the wash? Confetti. Dance the flakes off your clean laundry. The other players decide when you're clean.
